July 2018 – March 2019

Capstone Project

These are the current list of my projects and I'm still working to add more of it.

My Personal Portfolio

My fully responsive UI/UX project that I carefully designed and customized to show my personality and creativity using HTML and CSS.

Web Store

In a typical online store, customers can explore the restaurant's selection of products, examine pictures or photographs of the products, and access details such as prices, features, and specs.

Survey Form

You will learn the honest thoughts of your clients regarding your food, services, and environment. Enhances service quality. Depending on client input, you can spot problems with your menu and staff and fix them to give customers a better experience.
